Agreement with Polskie Maszyny Group – notification of force majeure

Legal basis:

Article 17(1) of MAR – Inside information

Text of the report:

On March 4th 2022, the Management Board of FAMUR S.A. of Katowice (the “Company”) decided to notify its Customer, Polskie Maszyny Group sp. z o.o. of Katowice, of the occurrence of a force majeure event relating to two of a series of executed agreements, worth approximately PLN 100m in aggregate, for the supply of equipment to be used in the territory of the Russian Federation (the “Agreements”), the execution of which was announced by the Company in Current Report No. 63/2021 of December 17th 2021.

The Company made the decision after it was notified by a supplier of sheet metal, a material necessary for the performance of the above Agreements, of an event of force majeure preventing the supplier from fulfilling the order at the moment. Citing the current geopolitical situation in Ukraine, the supplier notified the Company that it is unable to obtain a substitute offer for the material necessary to perform the Agreements from any other manufacturers or distributors as all of them have stopped submitting offers due to the highly uncertain conditions prevailing on the market.

As at the date of this report, the overall effect of the above decision on the performance of the Agreements cannot be determined.
